Topthers he expressed doubt be a new feature of modern civilization, but the criminals would prosably appreciate such an euthanasia.

The final statement of the Agri ultural Bureau at Washington contains some interesting facts concern ng the wheat crop of 1895. The bureau has increased its figures on the crop to 467,000,000, which is 7,000, 000, in excess of the 1894 crop, and evident throughout the meeting over 70,000,000 in excess of the crop of 1893. This brings the average tering into a hopeless fight for the per acre yield of the country up to ncy, and that the real sig. 18.7. bushels. The bulk of this adnificance and importance of the action of the committee and of the States of Minnesots, North Dakots, onvention to follow relate to the South Dakota and California. The ternal affairs of the party. The States of Missouri, Illinois and Kanfeeling is that at the convention sas, however, have about the smallest the idea of preparing for a winning wheat production of years. What campaign for the presidency will be these States lack in wheat, though, lost sight of in the struggle to fix they have more than made up in the the policy of the party, and that production of corn; Missonri, for exthe covention will amount practi- ample has an estimated crop of 238, cus, to determine its course for the 000 last year; Illinois, 255,000,000 future. At the convention the strug- against 169,000,000; Kansas 294,-000,000, against 41,000,000. In the latter State the increase seems phenomenally large, but it must be remembered that the drought of 1894 cut the corn crop of Kansas practially in half. This is true also of Nebraska, which shows a production of 125,000,000 as against only 13,-000,000 in 1894. Iowa shows the higgest corn production of any State in the Union, having a crop this year of 298,000,000 bushe's. Texas and Arkansas also have distinguished themselves in this line of product, and have respectively a crop of 107, 000,000 and 50,000,000 bushels. Figures as prolific of result as these obtain in nearly all the corn-hearing States, and go to make an aggregate crop of 2,151,000,000 hushels which is an average of a little over 351 fund. bushels per capita distributed among

at Atlanta, Georgia, one night last week and it may prove very popular as a .southern development of the idea and practice of chivalry. Albert Tunison and Jim Callahan had been enemies for some time. Both were perfect gentlemen and, although the newspapers have strangely failed to say so, connected with the best families of Georgia. They met in a Decatur street The Ozark Republican nomi-saloon and quarreled, and would have knocked if somebody in the crowd had not suggested that they have a contest to see who could drink the most whisky. This happy suggestion seemed to strike agreed to drink against each other if any gentleman who had the price would pay for the liquor. Mr. J. F. Francis, a cavalier, philanthropist and capitalist, stood good for the ammunition. Tunison drank two quarts and Callahan acnowledged himself beaten, as he a stupor almost immediately and an 21 w. our later died on the field of honor.
